A Message from the Chief Executive Officer

Kaya (hello) Everyone!

I hope you have had a positive start to 2023 and that you're looking forward to the cooler months ahead.

I am excited to announce that Foundation Housing recently launched its Innovate Reconciliation Action Plan (RAP). Our RAP's purpose is to foster Reconciliation, appreciation, and an understanding of our rich Aboriginal and Torres Strait Islander culture, and for us as an organisation to share this journey with those around us, both today and every day.

I am also happy to advise we have recently refreshed our website to provide a more user-friendly experience with a dedicated residents and tenant hub we hope you will find useful. I invite you to explore the new website and let us know your thoughts.

The first three months of the year have been extremely busy as the Federal Government looked to pass its Housing Australia Future Fund (HAFF) through both houses of Parliament. Foundation Housing has been actively involved in the design and support of the HAFF. Once passed, it will provide alternative funding for the delivery of much needed social and affordable housing.

We have continued to identify new development projects and have worked closely with our established development partners on exciting projects that if

successful, will provide a mix of housing in great locations, close to essential amenities.

Since January, I have met with Federal Members of Parliament, State Ministers, Superannuation Funds, Industry leaders, Academics and Peak Bodies to influence the need for more housing and enhanced support services. This combined work has led to daily media commentary on the National Housing crisis and for the first time in over a decade, direct Federal Government intervention.

Stay safe and rest assured that Foundation Housing is canvassing every opportunity to assist in the delivery of new housing options.

Chris Smith Chief Executive Officer

We've launched our Innovate RAP!

This month, Foundation Housing was excited to announce the official endorsement of its Innovate Reconciliation Action Plan (RAP), marking a significant step forward in our commitment to Reconciliation.

The RAP, developed in collaboration with Reconciliation Australia, outlines a range of initiatives across Foundation Housing aimed at building stronger relationships with Indigenous communities, promoting cultural awareness and understanding, and increasing employment opportunities for Indigenous Australians.

We'd like to thank the following people for their support and guidance on our reconciliation journey: Rhys Paddick and Emma Gibbens (Acknowledge This), Anthea Corbett, Members of the First Nations Involvement Panel, Freda Ogilvie, Neville Collard and family.

Some of the key Innovate RAP commitments include:

- Develop a cultural standards framework for Aboriginal and Torres Strait Islander peoples living in Foundation Housing homes and lodges.
- Consult with Aboriginal and Torres Strait Islander stakeholders on residential safety and cultural protocols.
- Ensure that 2% of all business transactions go to majority owned Aboriginal and Torres Strait Islander companies.
- Provide more employment opportunities for Aboriginal and Torres Strait Islander peoples.
- Develop a procurement strategy to increase engagement with Aboriginal owned businesses.

Chris Smith (CEO), Robert Eades and Mariana Logan (Housing Services Manager), Innovate RAP Launch 2023.

We wanted to launch our Innovate RAP and emphasise the importance of our commitment to reconciliation with our community.

A sunny morning at our Bennett Street Lodge in East Perth was the perfect setting to hold a special gathering to not only launch the Innovate RAP but to celebrate Aboriginal culture and our commitment to reconciliation. It was a beautiful event that commenced with a Welcome to Country by Robert Eades (tenant). Other guest speakers included Chris Smith (CEO), Rhys Paddick and Emma Gibbens (Acknowledge This) and Tania (Senior Housing Coordinator).

We were honoured to have Anthea Corbett share her housing journey and its influence on her artwork which is featured throughout the RAP document.

It was a morning of celebration, yarning, story-telling and delicious native food handmade by proud Kija woman Stacey Goodall (All Good Grub Bushtukka Catering).

We have created a special page on our website dedicated to our Reconciliation journey where you can download copies of our RAP and stay updated with our progress and other milestones. You can visit this page at www.foundationhousing.org.au/about/reconciliation-action-plan/.

The Committee of Residents and Tenants (CORT) meet regularly to discuss policy and provide feedback on a range of issues that impact those living in Foundation Housing accommodation.

Six CORT meetings have been held so far and several topics have been covered such as tenant representation, tenant liability charges, management of anti-social behaviour, rent-setting, communication and a new customer service charter. The key items discussed at the February meeting and how Foundation Housing intends to respond are:

Amenities and Utility Charges in Lodges and Complexes

The CORT discussed the impact that a fixed utility charge can have on energy saving behavior in the lodges and complexes where power and water is charged as a fixed cost. The CORT asked FHL to provide further information about how these charges are set at the next CORT meeting.

Tenant Communications

The CORT was provided with an update about the new FHL website. The CORT has previously had an opportunity to provide their input into the design of the updated FHL website. with a range of CORT recommendations included within the updated site.

Health and Safety

The CORT raised questions about how Foundation Housing prioritises health related property maintenance requests. In particular, there was discussion about the effects of gas stoves for people with asthma. As a consequence, an article has been prepared for this newsletter on gas appliances which can exacerbate respiratory conditions and how this can be managed.

Community Engagement

The CORT was provided with an update on community engagement events over the previous two months. These included focus groups held with local financial counselling services, 'Coffee Table Conversations' at FHL's Foundry Road complex, a BBQ and Clean up at our Wright Street complex, hosting the Threads Together van, supporting Oz Harvest deliveries and our regular BBQs at Newcastle Lodge to promote engagement with the Homeless Health Care service.

Minutes and agendas of CORT meetings are available on our website and can be accessed by visiting the 'Get Involved' page under our Tenants and Residents Hub.

If you have questions about the CORT or would like to give feedback, please email:

CORT members attended cultural awareness training with Moorditj Koort in March and learnt historical facts, gained perspective and increased their understanding of Aboriginal and Torres Strait Islander culture

A Message from Claire and Neil

Hi Everyone,

The CORT has had a really good start to 2023 and has seen the committee working together with Foundation Housing staff on the rewording of several key policies such as rent setting, anti-social behaviour and tenant liability.

These are important issues as they affect all tenants and residents. We hope this will help all of us to have a better understanding and communication of the 'whys' and 'wherefores' of how Foundation Housing operates. It is also beneficial as these key policies outline our obligations and responsibilities as tenants and residents.

A number of CORT members attended cultural awareness training in March as we felt that this would help us better understand the cultural needs of our First Nations tenants. It proved to be a very enlightening and interesting course. A big thank you to Foundation Housing for organising the training.

This coming year, the CORT is hoping to tackle some of the issues around sustainability issues and the impact on tenants and residents. We also hope to work with Foundation Housing around rent-setting and how tenants can get a fairer deal. Rents are not set by Foundation Housing, they have to follow Government rent-setting guidelines, and this is an issue we want to investigate more.

We always welcome new members so if are interested in joining the CORT and helping tenants have the best experience with Foundation Housing, please contact Alison at alisonp@foundationhousing.org.au.

Many thanks,

Claire

Our new tenant focused website is **LIVE!**

Foundation Housing is excited to announce the launch of our new and improved website.

We have been hard at work over the past few months to create a new online experience that better reflects who we are as an organisation and provides our tenants, staff, stakeholders and the wider community with a more accessible and user-friendly experience.

The new website features improved navigation, making it easier to find the information you need. Here are some important features to keep an eye out for:

On the top right hand of the website, click the “Accessibility” tool to:

- Make the site dyslexia friendly
- Translate into your preferred language
- Increase text size and spacing

The “Looking for Housing” drop-down menu, which contains information about our accommodation services, eligibility requirements and how to apply.

The “Tenants and Residents Hub” is a central hub to access resources, policies and forms, provide feedback, report maintenance, read tenant newsletters and more.

Visit the “Get Involved” page to learn about our Scholarship Program, contribute to our tenant newsletter, register for social activities or tell us about yourself.

Stay updated with tenant-led issues on our “Committee of Residents and Tenants” page.

We hope you find our website helpful and easy to use. We welcome ongoing feedback as we continue to make improvements. Please submit feedback via:

Resident Profile:

Jade's story of resilience and hope

Jade* was first housed with Foundation Housing in April 2015 by referral into the Street to Home program by St Pats.

Prior to living with FHL, Jade had not had a place to call home in a long time. She was homeless, living on the streets and escaping a violent relationship. Her social life on the streets involved heavy use of alcohol and illicit drugs. During her first few months at FHL, she struggled to adjust to living in a home.

"Living under a roof and in an apartment felt so weird to me, it didn't feel normal. I slept outside on my balcony for a while until I felt comfortable moving inside. I was used to sleeping outdoors and in the cold," she said.

However, safe and stable accommodation didn't break Jade's chain of addiction and she continued to fuel her drug habit and mental demons for years to come.

"I was using drugs often and sometimes I would stay up for days. It wasn't until a horrifying experience whilst in a drug psychosis and the unaffordable cost of addiction during Covid-19, that I decided to properly get clean and turn my life around," she said.

With the support of those close to her, counselling and the support of her local Women's Health Centre, Jade was able to put her destructive habits behind her and begin to look forward to a happier and healthier life.

"My dad was my rock, and he was always there when I asked him for help. I also attended counselling sessions and turned to art and music therapy to centre me," she said.

Jade is the mother of five children and is currently looking after her granddaughter full-time. She now has a relationship with her loved ones and her family is slowly coming back together.

Jade in her lodge courtyard, Northbridge.

She has also completed various study programs including her Certificate II in Leadership, Certificate III and IV in Community Services, and Certificate IV in Youth Work.

Jade's goal for the next few years is to get her driver's licence and secure employment as a youth support worker or in the social services sector where she can provide support to women experiencing domestic violence or homelessness. When asked what advice she would give to others, she said:

"Don't underestimate yourself and be loyal to yourself. Ask for help or pick up the phone – there is always someone out there happy to help you. Visualise your goals and go after them. Recovery isn't an easy journey, but you must pick yourself up and keep going. That's how you make it to the other side."

We are proud to work with residents like Jade who are empowered to make positive change. Congratulations Jade for seeking help when you needed it and for taking steps toward a positive future.

Tenants co-design new ways to budget and save money

We recently partnered with Uniting WA and the Spiers Centre to deliver workshops for tenants and residents to co-design new ways to save and be empowered to make positive change with their finances.

Thank you to those who joined us and shared their insights on living with a low income. Here are some tips that participants shared:

Budgeting

Calculate how much you need each year per utility (phone bill, rent, car service) and divide it by 26 weeks. Each payment day, put that amount into a separate account to ensure you always have enough money to pay your bills.

Bills

Visit your local bank branch (or go online) and organise your utility costs to come out of your account automatically through a direct deposit.

Petrol

Download the Petrol Spy Australia App on Google Play or the App Store to monitor cheap fuel days.

Meal Prep

Buy cheap food in bulk, make meals and then freeze them to save on grocery spending.

Foodbank

Save money on groceries by getting a referral and shopping with Food Bank. Visit www.foodbank.org.au/WA/food-assistance/ for more information.

No Interest Loans

Borrow up to \$2000 for essential goods and services with no interest from a NIL provider. Visit www.goodshep.org.au/services/nils/ for more information.

Food Hampers

Follow Mercy Care and/or Good Shepherd Australia on Facebook or subscribe to their newsletters and be notified when they are giving away hampers. Call Margaret Court on (08) 9202 7111 or The Pantry on 0492 955 712 to find out about their food donation services.

Meet the Foundation Housing Staff: Lesley

Lesley is part of Foundation Housing's Reception Team. Here she shares a bit about herself.

Favourite experience since joining FHL?

BBQ lunch at the RUAH centre in Northbridge for those experiencing homelessness.

Favourite part of your job?

Speaking with tenants and residents over the phone and in person.

What do you enjoy doing outside of work?

Spending valuable time with my family.

What is a fun fact about you?

I was once bitten on the cheek by a monkey.

If you could be any animal, what would you be and why?

A pelican so I could spend my days swimming and eating fish.

Have a question for Lesley? Send her an email at admin@foundationhousing.org.au.

Safe cooking with gas stoves

This is a friendly reminder that it is best practice to ventilate your kitchen when using a gas stove top.

This includes opening windows and doors. Here are some other ways you can protect your household health when using a gas stove:

Switch to electrical appliances (if possible) for cooking (using items such as a microwave or kettle).

Although they do not remove all pollutants, air purifiers can improve indoor air quality.

Have you read our tenant handbooks?

Important tenancy information can be found in our tenant handbooks. They can be downloaded from the 'Tenants and Residents Hub' on our website – scroll down to the section called "resources, forms and policies".

Policy spotlight on pets

At Foundation Housing, we recognise that pets are important to people and can enrich the lives of their owners.

We will consider all requests to keep a pet in our properties and will include detail in leases regarding property damage and cleaning. We will fairly consider all requests, based on:

- The size, type and breed of pet
- The size and type of the property (not all properties are suitable for pets)
- Strata laws (rules at the property or complex)

- Local Council regulations

When approval to keep a pet is granted, we will get in touch with you to discuss your obligations. Permission to keep a pet may be withdrawn by us at any time if the pet:

- Is an ongoing noise nuisance
- Causes damage to the premises
- Is a danger to people or other animals
- Causes other issues of concern

For more information, please speak with your Housing Coordinator.

Communications Survey

To find out more about the needs of our tenants and residents, we are interested in finding out how you use our communication channels.

This survey is designed to capture your thoughts on how you use the website, social media and how often you read our tenant and resident newsletter, Foundation Focus. The information gathered will be valuable in helping us produce content that is relevant, interesting and engaging for everyone.

All survey responses will be anonymous. Please send all survey responses back to us by 15 May 2023.

Reindeer Jelly Cups

MAKES 8

25 MINS

5.5 HRS CHILLING

Thank you to Hayley from Mount Lawley for sharing this simple and fun recipe. It is an easy-to-make treat for the kids and is perfect for an after-school snack.

INGREDIENTS

85g pkt lime-flavoured jelly crystals
 85g pkt raspberry flavoured jelly crystals
 2 x 21.5g Curly Wurly chocolate bars
 50g milk chocolate melts, melted
 Coles Bake & Create Eyeball Decorations
 8 red Mars M&M's Minis, to decorate
 200g pkt Arnott's Milk Chocolate Royals biscuits

METHOD

1 - Prepare the lime jelly following packet directions. Cool slightly. Pour evenly among serving glasses. Place in the fridge for 2 hours or until just set.

2 - Meanwhile, prepare the raspberry or strawberry jelly following packet directions. Set aside to cool.

3- Pour the raspberry or strawberry jelly over the lime jelly. Place in the fridge for 3 hours or until set.

4 - While the jelly is setting, cut the chocolate bars into 2-3cm-long pieces to make antlers. Use a little melted chocolate to attach the antlers, eyeball decorations and M&M's to the biscuits to make reindeer faces. Place in the fridge for 30 mins or until set.

5 - Top each jelly cup with a reindeer biscuit to serve.

Have a recipe you'd like to share? Email it to communications@foundationhousing.org.au

Brand new clothing for residents!

The Thread Together van visited our Newcastle St Lodge last month and donated brand-new clothing items to our residents!

Thread Together collects brand new unsold clothing from all around the country, saving it from landfill. They believe that people in need deserve the dignity and choice of new clothing, without judgement.

All clothing is given at no cost to people in need with the help of a network of charities and social service agencies.

Donations by Thread Together are new unworn. They include:

- Clothing
- Shoes
- Accessories

They will be visiting our Midland and Bennett Street (East Perth) locations in April. For more info, please email maureenm@foundationhousing.org.au.
